Steering Women & Families to Friendly Dealers

"I just plain hate shopping for cars. I had been wanting a new one for years, but couldn't imagine subjecting myself to the abuse I've received in the past from car dealers... But at Mazda of Bedford, I was greeted very warmly, was not talked down to, didn't feel as if I was being taken advantage, and I was not pressured at any point to lease the car. I will definitely go back to Mazda when my lease is up..."

*Katherine D.

"Northland was the best experience I ever had in buying a new vehicle. They made sure I was completely satisfied during the whole process. They were very patient in helping me choose the right MKX that I wanted. My husband didn't even go with me to finalize the purchase. He had that much faith that I was taken care of. I would recommend all women to this dealership group if you are looking for a Ford or Lincoln."

*Sandra M.
Salt Lake City*

"I always feel like a second-class citizen when I get my service. Men are visibly treated with more respect."

*Kelly S
Baltimore*

"Now there's a website devoted to helping women get the best deals at dealerships that have been reviewed "women friendly" by other women around the country."

*Nancy S.
Philadelphia*
